

I writing regarding K-LOVE radio station. I am a supporter of this station and I greatly value the service that it provides for me and my community. We are given a commercial free radio station that directly ministers to us individually and as a community. If K-LOVE were to be displaced by an LPFM broadcaster, it would affect over 2 million listeners who desire and benefit from K-LOVE. I believe that the service provided by K-LOVE is in the public interest because it provides an alternative to commercial filled secular radio. My family and my community benefits from K-LOVE, and as a supporter of the station, I truly believe in and desire for the station to remain as it is. With over 2 million listeners, there is clearly a demand for K-LOVE and it should continue to be allowed to meet the needs of its listeners.
